agon

Multipurpose Agency/SAAS Figma Template

- Document version: 3.2
- Created: 10 February 2022
- Last update: 06 May 2022

Agon is a Statup / Agency / SaaS template that is specifically designed to make modern websites. You can use it to build an agency, digital agency, startup agency, creative agency, creative business, creative multipurpose website, or freelance website.

Based on 12 columns Grid System. The design is equipped with a grid system and styleguide for consistency, and of course it will be very easy for you if you want to make some changes.

In addition, it has also been designed with all auto layouts, and organized layers. It is very easy for you when you want to make changes just by drag and drop.

All components are well organized and scientific, easy to manage and customize. The parts that are reused are all made into components.
